DETAILED ACTION

Reasons For Allowance

The following is an examiner's statement of reasons for allowance:

The amendment after final rejection renders the claims allowable as all remaining claims that remain contain allowable subject matter as previously indicated during prosecution.

Also, the examiner agrees with Applicant's characterization of the extraneous subject matter in the second rejection on P. 15 of the Remarks. The inclusion of such text was an inadvertent typographical error not intended to be part of that paragraph. The examiner regrets any inconvenience caused by the inadvertent error.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
